Foreword.

This research was begun to trace the ancestry of D-27, Mary Luella McCune, my wife, and later expanded to include all her known family as far as was obtainable.

To her memory this pamphlet is dedicated.

It was thought worth while to put all these known records into permanent form for the information of future generations. It is hoped these records may be reviewed, corrected and enlarged upon and unproved problems of ancestry solved by some future investigator. There is still much to be done on these lines.

These records are arranged in generations indicated by a letter and each individual by an additional number. An index is added to make it easier to find each individual. This is arranged by families.

In the Appendix will be found considerable data on affiliated families and on probable ancestral lines which need further studies. These individuals are indicated by a number preceded by "Ap" instead of an initial. There are also blank pages, for additions, corrections etc. as occasions arise.

The Descendants of
ROBERT and JANE (_____) McCUNE,
of Bourbon and Nicholas County, Kentucky.

A-1. ROBERT McCUNE, Ancestry not traced.

B. Probably born in Scotland and immigrated to Virginia or Kentucky before 1800. First records found in Bourbon and Nicholas County, Kentucky.

D. His will is recorded in Will Book B. page 456, at Carlisle, Nicholas Co., Ky. Will made May 23, 1828. Probated in the June term of Court, 1828. Witnessed by John Eward and Joseph McCune. Executors were John McCune and Robert Cunningham.

M. Jane Ancestry and maiden name unknown.

The following children were mentioned in the will:

B-1. John McCune, m. Mch. 20 or Nov. 20, 1823, Jennie Mathers, dau. of Thomas & Elizabeth (_____) Mathers. They were married by John Rogers. Jennie Mathers was called "Avalanch" in the will of her parents. John was taxed many times in Nicholas Co. on McBride's Creek, on 20 to 100 acres at various times. He later located permanently at Clear Creek or Bedford, Indiana. They raised, but never adopted, a girl named Martha Ellen Ryan, who afterward married William Curtis McCune.

B-2 Samuel McCune.

B-3. Elijah McCune, m. Jan. 31, 1837, Mary Lacey, by James G. Leach.

B-4 Robert McCune, started for Illinois with his brother Obadiah, but stopped at or near Greensburg, Ind. to visit his wife's relatives and liked the country so well that he remained there. He m. Jan. 16, 1836/7, Margaret Ann Dinsmore, by John Rogers. Their son James Ray McCune had a dau. at Greensburg, Ind. and Carlisle, Ky. He was taxed in Nicholas Co. in 1831 on 60 to 70 acres.

Mrs. Burns records add the following:

B-10. Greenburg McCune and grandsons, Robert and William.

Jane McCune, widow of Robert, conveyed land Jan. 27, 1830, to children, John - Samuel - Elijah - Robert - William - Obadiah - Isabelle and Susannah, all over 21 years of age. At the same time the heirs of Robert McCune, deeded land to Gavin McCune. (In 1815 Robert McCune bound himself to convey this land to Gavin.) Acknowledged before Joseph McCune. Recorded in Deed Book 1, page 77-78. Robert McCune sold land June 22, 1818, to Humphrey Marshall. Robert McCune sold land Feb. 9, 1822, to Thomas & Polly Jones. Robert McCune sold land Feb. 16, 1826, to Lewis Hurley. (colored) John & Robert McCune bought land Sept. 29, 1815 from Andrew L. Hughes.

Family tradition has it that this family lived in Ireland, later in Scotland and came from Scotland to America. It was said that Robert McCune spoke very Scotch-English and was difficult to understand. Chockley's History of the Scotch-Irish Immigrants to Augusta Co. Va. records many McCunes and Hendersons whose first names were similar to these family names, but I am unable to place a Robert and Jane that fit into our ancestry.

The History of Bourbon, Scott, Harrison and Carlisle Counties, Ky. edited by William Henry Perrin, on page 390 says: "The early fathers of the church were Godly men of sincere Christian piety. It is indeed doubtful if ever any body of Christians had a more devoted band of followers than the early Christian Church of Carlisle. Among them were such men as Henry Dinsmore, Robert Ardery, William Mathers, Robert McCune, John Byers, Gavin Mathers and Thomas Stephenson."

They lived for 12 yrs. in Shelby Co., then moved to Washburn, Woodford Co., Ill., where he lived on a farm 7 miles west of town. He is buried at Washburn. The widow moved to Kansas with her children and died there. Nancy Henderson's parents are buried in a cemetery on their own farm—The Henderson Cemetery—4 miles south of Bethany, Shelby Co. A boulder marks their grave. No inscription. 1. The first part of the paper is devoted to a general discussion of the problem of the origin of life. It is shown that the problem is one of the most important and interesting in the history of science. The author discusses the various theories of the origin of life, and shows that the most plausible is the theory of spontaneous generation. This theory is based on the fact that the conditions of the early earth were such that the formation of organic molecules was a natural consequence of the laws of chemistry and physics. The author also discusses the possibility of life originating from other planets, and shows that this is a very unlikely event.

2. The second part of the paper is devoted to a detailed discussion of the theory of spontaneous generation. The author shows that this theory is based on the fact that the conditions of the early earth were such that the formation of organic molecules was a natural consequence of the laws of chemistry and physics. The author also discusses the possibility of life originating from other planets, and shows that this is a very unlikely event.

5. The fifth part of the paper is devoted to a detailed discussion of the theory of spontaneous generation. The author shows that this theory is based on the fact that the conditions of the early earth were such that the formation of organic molecules was a natural consequence of the laws of chemistry and physics. The author also discusses the possibility of life originating from other planets, and shows that this is a very unlikely event.

6. The sixth part of the paper is devoted to a detailed discussion of the theory of spontaneous generation. 8. The eighth part of the paper is devoted to a detailed discussion of the theory of spontaneous generation. The author shows that this theory is based on the fact that the conditions of the early earth were such that the formation of organic molecules was a natural consequence of the laws of chemistry and physics. The author also discusses the possibility of life originating from other planets, and shows that this is a very unlikely event.

9. The ninth part of the paper is devoted to a detailed discussion of the theory of spontaneous generation. APPENDIX

At about the same period of time that Robert and Jane McCune lived in Nicholas Co., Ky. there also lived and died there a John McCune and wife Nancy. The two men were of near the same age and died about the same time. Their children had similar names. I strongly suspect that Robert and John were brothers but I have no proof. It is very difficult to trace the two families and keep them separate because of the similarity of names. John's brief record follows:

- Ap. 1 JOHN McCUNE. of Nicholas Co. Ky. Ancestry not traced.
B. 1762.
D. Will recorded Aug. 22, 1827. Probated at Dec. Court, 1829. Executor, John McCune. Witnesses, John Edwards and John McCune. (See Will Book B. page 518.)

- Ap 3 1. John McCune, b. 1796, Nicholas Co. m. Elizabeth Mathers. dau. of Thos. Mathers, who was b. 1759 and m. Elizabeth. b. 1786. Above Elizabeth Mathers was b. 1806. They had a dau. Elizabeth who m. Nov. 9, 1848, John Hamilton Ham. She b. 7-15-1830.

- Ap 9 7. Samuel McCune.
- Ap 10 8. Hugh McCune, m. 9-15-1822, Jane Dinsmore, by James G. Leach. Perhaps he also m. Mary Ann Lacey as his 2nd wife.

John & Nancy McCune sold land 10-10-1829 to Gavin McCune. Deed signed by mark. We do not know whether the John & Robert McCune who bought land 9-29-1815 of Andrew L. Hughes, were sons of Robert or John.

In the Census of 1810 John McCune had 2 males under 10.—2 males between 26 and 45.—2 females under 10.—1 female between 10 and 16.—1 female between 26 and 45.—9 slaves.

We hope some future investigator will visit Kentucky and solve all these problems connected with the McCune-Henderson families. There is still much to be done. This pamphlet has only blazed the way.

THE HENDERSON LINE.

The Henderson ancestry of Nancy Henderson who m. Obadiah McCune is also much confused. There is room for a great deal of investigation on this line, too. The History of the Scotch - Irish Immigrants to Augusta Co. Va., by Chockley, gives many with names similar to our family names but I have not been able to establish any direct and unmistakable connection with any of them.

"Henderson Chronicles" by John N. McCue gives a great deal of information on the families, and I have taken the following from his book.

It is his belief that the Progenitor of the Henderson Family in Virginia was Ap 11—John Henderson, a lineal descendant of Ap 12 Sir James Henderson, b. 1450. d. 1513, First Knight of Fordell and Lord Chief Justice to King James IV, of Scotland. Sir James fell at the Battle of Flodden Field. John Henderson had three sons; Ap 13 1. William Henderson, b. about 1707 at Fordell, Scotland. m. Miss Kearns, of Pennsylvania. In Colonial Records, Vol. XI, page 2 is noted that "William Henderson was appointed Capt. of the Eleventh Pa. Regt. Nov. 13, 1776." He is supposed to have lived in Lancaster Co., Pa. until after the Revolutionary War when he probably emigrated to North Carolina. Their children were (1) Ap 14 Kearnes. (2) Ap 15 John. (3) Ap 16 Susan. (4) Ap 17 William. (5) Ap 18 David. (6) Ap 19 Mary (7) Ap 20 James.

Ap 21 2. John Henderson, b. about 1718/20. Settled in Franklin Co., Pa. within 20 miles of Chambersburg, Pa. 9 miles from Shippensburg and 3 miles from Upper Strausburg, where he m. and had (1) Ap 22 James. (2) Ap 23 Agnes. (3) Ap 24 John. (4) Ap 25 Mary. (5) Ap 26 Rev. Joseph. (6) Ap 27 Washington.

Ap 28 3. Alexander Henderson, m. Jean or Jane With his two brothers above, settled on Owl Creek, near Alexandria, Fairfax Co., Va. about 1735/40. The duration of his stay in this vicinity was short. Next he removed to Albemarle Co., Va. where he purchased 400 acres of land on Licking Hole, which he sold to John Piper in 1779/80. who in turn sold it to John Buster in 1792. He removed to Augusta Co., Va. for a few years and finally settled in that section of Ky. which in 1798 became Fleming Co. (It was formerly a part of Mason Co. which was formed out of Bourbon Co. in 1788.) The old home was located about a mile east by north of Mt. Carmel on the north side of the State road to Va. All the Hendersons were strict Presbyterians and Alexander was a common family name.

Another story of the ancestry of these three brothers is that they were sons of Ap 29 Sir Hugh Henderson, of Fordell, Co. Fife, Scotland. whom they believe to be the Progenitor of the Henderson Family in Virginia. It is stated without a particle of proof that these three brothers came to America before 1740 and were disinherited by their father because they fought with the American

Colonies against the Mother Country in the Revolutionary War. This is largely conjecture. They did come to America about the time mentioned, from Fordell, settled on Owl Creek, but soon separated. They may have participated in the Revolutionary War and there is a strong suspicion that they did, but no actual proof.

Ap 28 ALEXANDER HENDERSON, one of the above brothers, m. Jean or Jane, and had:

Beatty, of Kansas. Rev. William Trimble Beatty, D. D. of Pa. Madam Louise Homer of the Metropolitan Opera Co.

Ap 36 JAMES and PRUDENCE (Campbell) HENDERSON, son of Alexander & Jean Henderson, had:

Ap 44 1. John Henderson, b. about 1785/6 in Va. Moved to Bourbon Co., Ky. with his parents in 1789. We believe it was he who m. Betsey Bruen and were our ancestors.

Ap 45 2. George Henderson, b. about 1789 in Va. m. Mary, dau. of William Walter Williams and Henrietta (Wheeler) Moved to Bourbon Co., Ky. with his parents in 1789. The above John Henderson was taxed in Bourbon Co., Ky. from 1804 to 1819. Then in Nicholas Co. until 1831 on McBrides Creek. His family were grown before they left Ky. I believe all came to Bethany, Shelby Co., Ill. Many are buried in the Henderson Cemetery on the home farm, 4 miles south of Bethany.

Mrs. Lucy Henderson Horton in her book entitled "Family History" published by 'The Press of the News', Franklin, Tenn. in 1922, traces the Henderson line as follows:

1. James Henderson, First Knight of Fordell, in Scotland, who fell in the Battle of Flodden Field, Sept. 6, 1513, descended from
2. George Gunn, the Crouner or Coronor, through his seventh son, Henrick, whose children became known as Henrickson or Henryson and later Henderson. George Gunn died in 1453. Tracing his line back to its origin we find his father was
3. Sir James Gunn, of Ulbster.
4. Sir Donald Gunn.
5. Ingram de Gunn.
6. James de Gunn, grandson of Snae Koll Gunnison.
7. Son of Snae Koll, name unknown.
8. Snae Koll Gunnison, the first Gunn, who lived in 1232, having fled then to Helben Hougas Castle, on the Island of Vigr (Weir) after slaying Earl Johnson. of Harald Maddason, the last of the Norwegian Earls of Orkney. From the same source William, the Conqueror, is descended, his ancestor being Hirlf, conqueror of Normandy, and son of Rognvold, Earl of Moeria, who died in 890. Snae Koll Gunnison was son of
9. Ragnheld, mother of Liteef Skalli and Gunnie Anderson.
10. Ingigerd, mother of Eirik Slagbellir.
11. Rognvold, (Kali Kolson) Earl of Orkney, died 1158. Canonized in 1192.
12. Gunhold, mother of Kol Kalison.
13. Oepakson.
14. Erlend, Earl of Orkney, died 1098. Thora, daughter of Sumavliidi was his wife.
15. Thornfinn, (fifth son) Earl of Orkney, died in 1084, and Ingi-biorg, daughter of Earl Finn Arnason.
16. Sigurg, the Stout, slain at Clontarf in 1014, name of mother unknown, she the daughter of Malcolm II, King of the Scots. (In his time, the Norsemen discovered America.)
17. Holdver, fifth son, Earl of Orkney, died about 980.
18. Thornfinn, third son, Earl of Orkney, or Hansakljuf or Skull Cleaver, died about 963, and mother, Grelanga, daughter of Duncan, Earl of Duncansby.
19. Torf Einer, Earl of Orkney, died in 910. Sixth son.
20. Rognvold, Earl of Moeria who died in 890.

The above Genealogical Table of the Norwegian Earls of Orkney is given by Dr. Anderson in his Introduction to "Orkneying, a Saga." published in 1875.

While we have no proof that John Henderson who married Betsey Bruen was the John Henderson, son of James & Prudence (Campbell) Henderson, we believe that it is both possible and probable that they were identical. Similar names occur among the children of both families. Both John and his brother George, left Ky. about the same time. John, in 1831, to Shelbyville, Shelby Co., Ill. and George in 1833 to St. Louis and on into Missouri. Probably both followed about the same trail as did Obadiah McCune, and his wife, Nancy. Then the dates are correct as to birth, death and marriage. Some thought the name of John Henderson's wife was Rachel or Laura. I have not yet found a record of a John Henderson with either a Rachel or Laura, though I have more than 30 Johns. But the marriage of John Henderson and Betsey Bruen is on record in Bourbon Co. Ky.

The following Henderson records I found when on a trip to Kentucky several years ago. It makes me wonder which line is correct.

In the 1790 Census report of Maryland, we find Ap 52 Jesse Henderson, Sr. who had 1 male over 16—2 males under 16.—3 females and 2 slaves. He is not found in the Census of 1800. Probably had died or moved out of the state.

In the 1790 Census of Maryland, Ap 53 Jesse Henderson, Jr. had 2 males over 16. and 2 females.

In 1805 Ap 52 Jesse Henderson was taxed in Bourbon Co. on 1400 acres of land.

In Will Book D, page 127, Bourbon Co., Ky. are named the heirs of Jesse Henderson, Sr. as follows; (1) Ap 54 Susan. (2) Ap 55 Jesse. (3) Ap 56 Henry Selby. (4) Ap 57 Liven. (5) Ap 58 Polly. (6) Ap 59 William. (7) Ap 60 Kitty and Henry Selby in his own right.

In Deed Book, E. page 473, are named the heirs of Jesse Henderson, Sr. Sept. term of Court, 1820. as follows; (1) Kitty.- (2) Polly. (3) Levin. (4) Susan. (5) Jesse. (6) William G. who m. Isabelle. (see Deed Book, 1. page 91.) (7) Nelly who m. Henry Selby and said Henry Selby himself. In the Nov. term of Court, 1821, and in the Dec. term, 1821, 502 acres of the estate of Jesse Henderson, Sr. was divided. (Could this be the 1st. Sr?)

Jesse Henderson, Jr. was taxed in Bourbon Co. in 1805.

In Deed Book E, page 616, Jesse Henderson, Sr. deeded land to John Henderson and to Charles Henderson, Nov. 1, 1821, land on Brushy Fork, Bourbon Co. John Henderson and wife Betsey. deeded this land on Brushy Fork to William Johnson, 9-23-1822.

I think the above identifies our John Henderson and wife Betsey as having dealings with Jesse Henderson, Sr. Jesse Henderson does not name John nor Charles Henderson among his children at any time. Is it possible or probable that John and Charles were

sons of Jesse and received their share of his estate by deed direct so their names do not appear in the list of children and heirs??? We have no proof of it in any way. John Henderson and wife Betsey named their first two sons, Charles and Jesse and they had a daughter Sarah or Sally. Does that indicate relationship to you? I hope some investigator will solve these problems someday.

The names Gavin or Levin appears several times among the McCunes in Bourbon and Nicholas Counties, Ky. Nicholas Co. was formed from Bourbon Co. so these names and places may be in either county.

BABB LINES

Here again is confusion. We know that Jessie Mary Babb who married James Alexander McCune was a daughter of Charles Babb and widow, Severe his 2nd wife by whom he had 2 children. Charles was born 2-27-1806 in Anne Arundel Co., Maryland. Died 8-26-1876 at Mt. Vernon, Ohio. By his 1st. wife, Minerva Pumphrey he had 9 children. Charles Babb was son of (3) Thomas Babb, born about 1765/75 in Anne Arundel Co., Md. Died 7-4-1852 at Mt. Vernon, Ohio. Married 1st. 2-9-1799, Rachel Pumphrey. Had 7 children. He married 2nd. 5-8-1838, Mrs. Henrietta Davidson. Living in Anne Arundel Co., at the same time was a James Babb, who may have been his father, but there is no proof. Here is a break. We think there is a connection with the following but do not know how. I hope this will be solved some day, too.

Ap 90 6. Sarah Babb, m. 9-15-1726, Walter Fose.

Ap 91 7. Isaiah Babb, bapt. Oct. 1710. North Church, Portsmouth, N. H.

Thomas Babb, son of Philip and Mary, was indentured during Apr. 1675 to Henry Greene of Hampton, N. H. as a "child now living with him". He removed to Delaware before 1700 and settled in Brandywine Hundred, New Castle Co., north of Wilmington, Del. He does not again appear in N. H. records. Libby, in his new Dictionary of Maine and New Hampshire, Part 7, page 71 calls this Thomas son of Philip. In the Calendar of Wills, Delaware, page 49, appears his will. He was of suitable age and gave his children N. H. Babb names. Presumably he is the Thomas Babb who had wife Bathsheba, mentioned in John Hussey's will. (Delaware wills, page 13) There is no question that John Hussey moved to Delaware from Hampton, N. H.

In the Census of 1790 the following Babbs lived in Penn.: John in Northampton Co., Benjamin in Huntington Co., John and Peter in Allegheny Co., John in Berks Co., Sampson in Goshen Tp., Chester Co. and James in Washington Co. In Virginia were John in Nansemond Co., Ann and William in Isle of Wight Co., Peter and Philip in Frederick Co. In S. Car. were Abner, Mary, Sampson and Thomas in Laurens Co., Messrs in Newberry Co. In N. Car. were Christopher in Wake Co., two Johns, Moses, Thomas and William in Franklin Co. The name Babb is common in Western England.
